

Board of Trustees News February 2016

The BOT took the opportunity to visit our latest classroom upgrade, the beautifully kitted-out Room 8. Mrs Davies and her little cohort have done so much to make this room feel like their home, and it is a great space for our new entrants to start their school years. Best of luck to the Room 8 kids!

We also had a good look around the old sheds near the pool and think Mrs Simpson has a great plan to make the area much more useful for the future – watch that space.

In this hot weather, our thanks as always go to Alan Martin our dedicated caretaker, for getting the pool in top shape. We understand the kids, the teachers and the community are really enjoying those facilities.

With a starting roll of 174 kids we are working with the Ministry of Education on options around the roll, and will make sure we work with the community around options as we are able.

Board Elections are in June of this year, so if you are interested in getting involved please come along to one of our meetings and see how you could join in.
