

Halcombe School Board of Trustees News - September 2016

- During our recent BOT meeting we had the pleasure of a 'walk through' of the classrooms. It was fantastic to see the wonderful learning environments our children are so lucky to be a part of. It is clear that both teachers and children take great pride in their classrooms and the work they present. Congratulations to all.
- Learning:
 - Teachers are seeing positive outcomes for their students, from the recent Professional Development in the area of writing.
- Property:
 - The Board approved funds for a new play area at the end of Room 7.
 - We will be seeking consultants to assist in the next phase of upgrades in our 10 Year Property Plan.
- Health and Safety:
 - EOTC (Education Outside the Classroom) policies are currently being reviewed by the Board and staff.
 - We are currently reviewing our Crisis Management Plan.
- Finance: The Board are most impressed with the funds raised to assist EOTC opportunities this year (chocolate and soap sales).
- Board Training: A number of BOT members will attend a workshop about the 'Vulnerable Children's Act' next term.
