

Tena Koutou Katoa - Greetings to all parents and caregivers

Touch

There are no touch games for our Pink, Purple, Silver or Green teams this week, because of the involvement of some or all of their players in school camps.

Room 6 Camp

Everyone is safe and well at Nydia Bay in the Pelorus Sound following the earthquake. After a wakeful night, they all slept in yesterday morning. Kids and parents are doing fine. If any parents of Room 6 children need further information, please contact me at school.

Fire and Earthquake Drills

It may be comforting for parents to know that we carry our fire and earthquake drills regularly at school. Children are well drilled in what to do and where to go if either a fire or earthquake should happen. We have an intercom system to notify all classes quickly in an emergency. If you have any questions, please don't hesitate to contact me.

Morning Bus - Feilding

If there are problems with the behaviour of children getting on the bus in Feilding in the morning, please let me know. I appreciate those parents who are proactive and ring to tell me what is going on – thank you.

Outdoor Education

We wish Rooms 7, 1, 2 and 3 all the best for their Outdoor Education trips this week. Thank you to all the parents who have offered to help. We really appreciate your support.

Manawatu Oroua Boys and Girls Agricultural Club Results

On Saturday, we had 3 children enter the district championship at Rongotea. Congratulations to all 3 girls!

Kind regards

- Team of 3 lambs: Halcombe 3rd (Zoe, Holly and Emily)
- Holly: 2nd Senior Lamb Calling (Reserve Champion) and 3rd Senior Lamb Care & Attention
- Emily: 2nd Junior Lamb Leading

Sue Simpson

Community News

Well done Vicki

Halcombes very own Vicki Powell has just won the NZ Volunteer of the month. Vicki has spent countless hours working on the walkway, growing plants, spraying, weeding, planting around the Halcombe Hall and supporting the Halcombe Community Development group. Congratulations Vicki.

Safe Drinking Water

Those households and businesses with rainwater or bore water storage tanks now have a quick option to ensure safe water, fast. SafeH2O offers a new solution to clean tanks AND purify existing water. Our mobile, filtration system removes filter clogging sediment, strange odours and tastes, removes 100% of pathogens eg e-coli, and leaves tanks and water clean and safe. No need to buy replacement water or damage the inside of the tanks. Check out www.safeh2o.co.nz or phone 0800 7233420

Zoe, Holly and Emily with their lambs.
